#### About Workshop:

The management education in the country has made a phenomenal growth in the last three decades. Liberalisation of the Indian economy during the early 90’s and the internet-led globalisation during the later part of the last decade has posed a number of challenges that demand advanced managerial & writing skills. With an acquisition of these skills, as faculty are the pillars to impart updated skills set among students and making them employable possessing skills highly demanded by industry. Thus, in the era of disruption and upcoming enormous changes, challenges in the life of people, the business industry expects a lot of analysis and research to take appropriate decisions. To achieve these

# Summary Report

## Manuscript Writing

(Faculty Development Program on 03/04/2023 to 04/04/2023)

### Objective:

To impart the knowledge of manuscript writing was the major emphasis of the program, with special reference to Business Management domains such as Finance, Marketing, Human Resource, Operations & Supply Chain Management, and Business Analytics, which are offered in our Institute.

### Highlights:

**The First Session Speaker - Prof. Catalino N. Mendoza (Vice Chancellor – ERU, USA)** who has imparted the knowledge in depth and enriched the faculty in manuscript drafting leading to research publication.

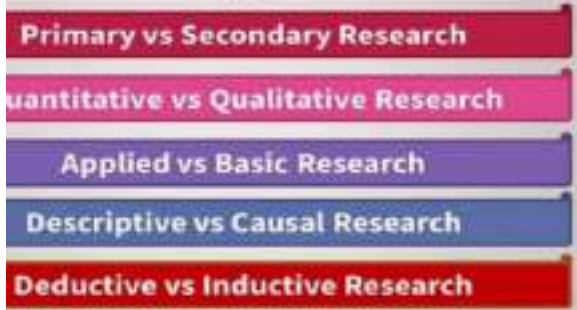

**The Second Session Speaker – Prof. (Dr.) S. K. Baral (Indira Gandhi National Tribal University – IGNTU, Central University)** also illustrated the effective manuscript drafting in a clean and concise manner. The program was attended by all our faculty members and it was an enriching experience.

Report Prepared by

Dr. Santhosh Samuel

## Research Types

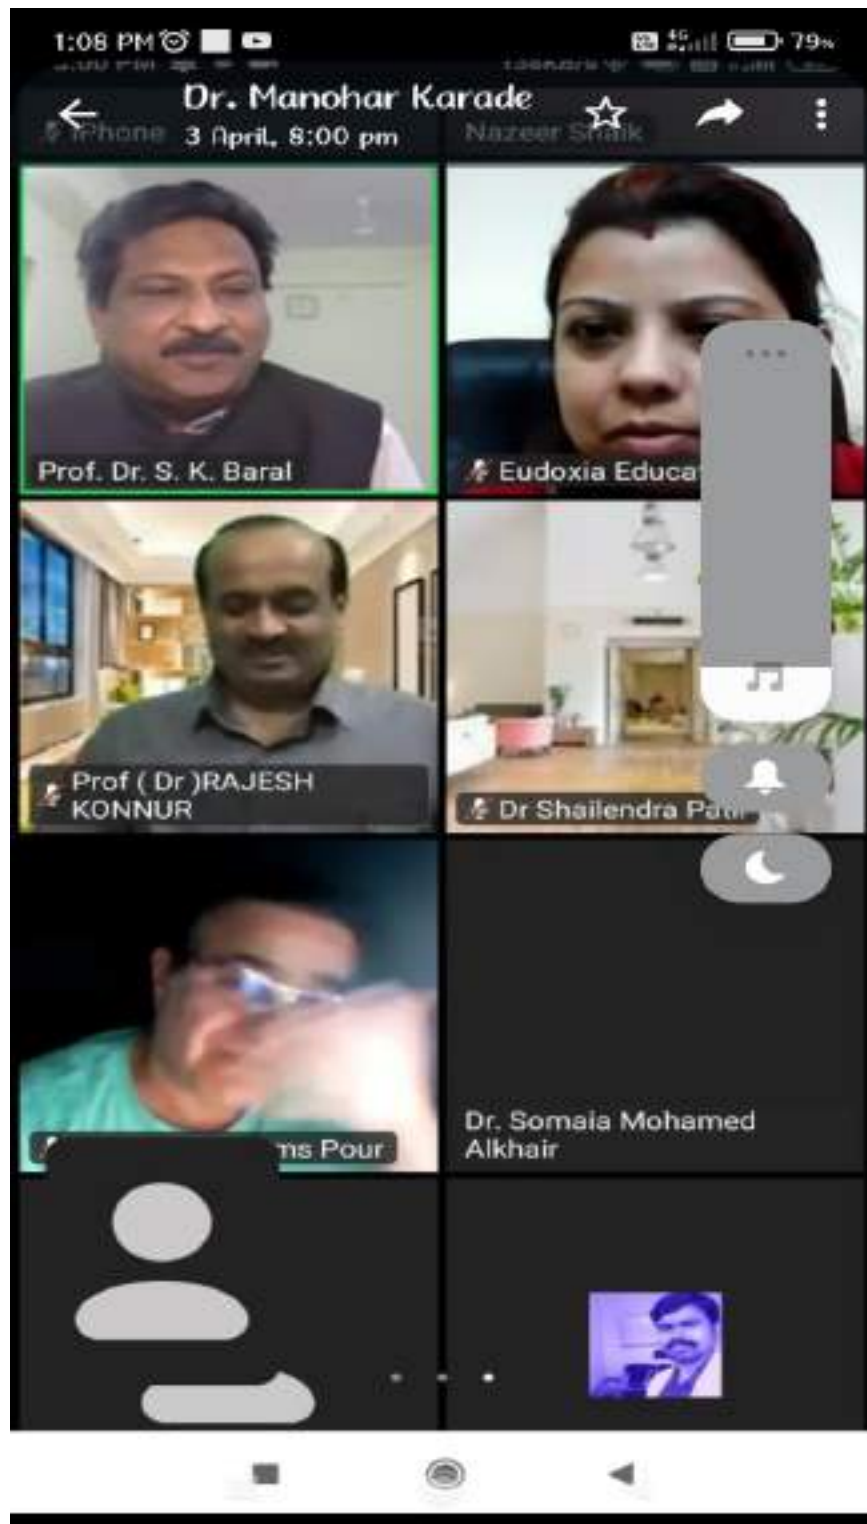

<https://conceptshacked.com/types-of-research/>

- Primary source evidence. Evidence, data, and work in hand inform other research and academic work.
- Quantitative and qualitative research. For instance, if you want to conduct an objective trial, you need to use quantitative research.
- Applied research vs. Basic research. Applied research is based on existing knowledge.

...tive research are: A specialty food group launching a new product. The goal of this research is to understand what flavors of rubs are favored by different people. The goal of descriptive research is to determine the relationship between variables. The goal of many wants to study the behavior of their consumers to determine the relationship between variables. The main difference between inductive and deductive reasoning is that inductive reasoning involves testing a theory while deductive reasoning aims at testing a theory.
